2010 Year in Review

As we move forward and prepare to embrace 2011, the Texas Citizen Police Academy Alumni Association has much to anticipate and celebrate!

The mission of the Texas Citizen Police Academy Alumni Association is to assist and educate the various Citizen Police Academy Alumni Associations within the State of Texas to better serve their communities by more effectively partnering with and supporting the law enforcement agencies in their area.

We accomplished our mission through educational classes, seminars and group gatherings.

2010 Brought new associations and first time participants to Bryan College Station for the annual Law enforcement training event held August 11-13 at the College Station Hilton, hosted by Bryan * College Station * Brazos County CPAAA.

This year brought change in leadership and board composition with the addition of Region 4 non sworn representation; we successfully completed acquiring nonprofit status and State Association ID number. Our Treasurer assisted a number of associations in this process to apply and receive nonprofit status. Looking into the value of volunteer time in America, we find statistics that indicate the estimated value of volunteer hours was \$20.85 per hour with 26.8% of our population giving 8.1 billion hours of valued service worth an estimated \$169 billion dollars. Our goal as an association of volunteers is to increase membership through new associations while enhancing our communities through education and support of law enforcement agencies across the state.

President David Miller

F. Goals

1. Continue to work with our newest Regions to join the TCPAAA, develop their interest to attend the 2011 Convention.
2. Contact past members who did not attend the 2010 Convention, either by phone, email or letter.
3. Be pro-active in visiting CPA's along with a membership committee to reach out to Alumni's all over the state.
4. Newsletter – encourage and assist CPA's to submit events and information about their organizations to be shared in the newsletter.

Respectfully Submitted,
Becky Giles, 1st Vice President

By-Laws

This year the Board proposed a number of By-Law changes. Several were simple changes, adding titles and/or verbiage to accommodate changes in the Organization. However, a couple of changes were more serious in nature. One of the changes could have changed who had the responsibility to vote on the Officers of the organization. The membership also voted to allow an alternate delegate to be appointed in the event the department's sworn officer cannot attend the annual State Convention. The Board put these items up for a vote to let the membership express their preference. Which they did, and those changes reflected the will of the membership. I think this was a fine example of the democratic process in action. I know myself and those that serve on the Board desire to do what's best for the organization and what the membership wants us to do when possible.

Terry Williams
2nd Vice President

Moving Forward

We would like to take a moment to say Thank You for all of your support and volunteer hours in your communities, as we move forward our goals are simple. Improvement in communication and follow through as we enhance and anticipate the resolution of needs. Promptly comply with requests and proactively address community awareness of Citizen Police Academy Programs. It's crucial to maintain integrity by taking care of the little things. Integrity commits itself to character over personal gain, to people over things, to service over power, to principle over convenience, to the long view over the immediate.

As stated by James Ball "Professionals continually improve. They constantly develop their skills and knowledge. They expand their experiences. They enhance their techniques and methods. They increase their output and quality. They add value and enlarge their usefulness in their service to others." If we focus on what we *get* to do rather than what have to do and choose to be excited about the opportunities we have today to positively affect people and communities, we can begin to see the impact we can make and recognize the passion and excitement in Education and enriching our local law enforcement agencies with professional and well trained volunteers through annual events and dedicated members.

Always strive for continual improvement, we all have tremendous potential, are willing to work hard and believe it is possible to achieve our vision no matter where our starting point is!
